

Bike Tracks

Numat bike tracks are a fun way to provide play.

It's what's on the surface that counts.

Description

Numat bike tracks can be easily adapted into any space. They are made from durable Pour'n'Play safety surfacing which can be used to create almost any shape or road marking, making the design possibilities endless.

Bike Tracks are an excellent way to add fun, learning, and bike skill development to your play space. Not only can they be introduced to add loads of entertainment, but they can be used to help young children familiarize themselves with the road rules they will use on public roads.

- A porous free draining product
- Can be any mix of colours
- Depth can be increased to meet critical fall height
- Meets safety standards
- Protects against UV and weather extremes

Specifications

Product type	Rubber granules
Particle size	5mm
Critical fall height (CFH)	Up to 3m when installed with an 80mm poured rubber shock pad
Certification	NZS 5828:2015

Components

100% recycled rubber shockpad with coloured Rosehill TPV top layer.

Recommended Use

Public playgrounds, School playgrounds, Early childhood play areas.

Product Installation

The coarse recycled rubber shred base layer is poured on site. The fine grain coloured top layer is then poured on top and this melds to the base layer.

Care & Disposal

Maintenance includes basic sweeping of the surface as well as cleaning when necessary with a pressure washer with a mild detergent and cold water. Can be recycled into base layer for sports fields and playgrounds at end of life.

Warranty

5 - 10 Year product warranty.
