

MulchSet

MulchSet is a 'natural look' safety surface

It's what's on the surface that counts.

Description

MulchSet is a 'natural look' safety surface for recreational areas, playgrounds, and walkways. As a long-lasting, water-permeable surface, it provides an economical and hygienic alternative to organic mulches. Its one-piece poured installation delivers a smooth surface with zero joins making it highly accessible.

-  A porous free draining product
-  A soft, springy safety surface.
-  Installable on a gradient
-  Protects against UV and weather extremes
-  3 colour options are available
